

As a carer, patient or member of the public would you like to get involved in influencing Health and Social Care Research in Northern Ireland and improve care?

- Are you interested in research?
- Do you have good communication skills?
- Have you had experience of working in groups or committees?
- Do you have the time to participate in meetings or review research documents?
- Would you like to develop new skills and knowledge?

If yes, we would like to hear from you!

HSC R&D supports and encourages Health and Social Care Research in a variety of ways including funding for:

- Research Training for Clinical Researchers
- Research Studies
- Support of Clinical Trials through the Northern Ireland Clinical Research Network

There are opportunities to get involved with us by taking part in research groups, committees and panels to help researchers to:

- Ask the right questions
- Encourage people to take part in research studies or clinical trials
- Make sure their research findings are heard
- Improve care in the future

If you would like to be involved please contact gail.johnston@hscni.net or Tel. 90553617 for more information.
